- Beacon Specialized Living Services, Inc. community access guidelines:
- The resident must sign in and sign out with facility staff upon leaving and returning from community access.
- The organization is not responsible for transportation to or from community access.
- The resident is responsible for being present for all medication passes.
- Resident to staff ratio will be maintained and elopement policies will be followed identically to facility policies unless otherwise indicated in the individual's plan.
- Staff will maintain routine checks during supervised community outings, unless stated otherwise in individual's plan.

Thank you for your referral!
We look forward to serving you, the individual and the community.
